Code of conduct

For Employees

- **Apply fairly**; only apply to jobs that you truly want
- Communication; if you get invited for an interview but can no longer make it, let the employer know. This harbours **mutual trust**
- Timing: show up to work **on time** and if you are running late let them know
- **Respect**; your team members, be a team player, don't burn your bridges and **listen** to feedback
- We are big advocates of not working anywhere that doesn't bring you joy. However it is really important that as a community we give companies a chance. If you're finding something difficult, rather than leaving without talking about it, try to have an **honest conversation** with your manager.
- Stay hungry! Treat every experience as a learning one. Think to yourself, **how can we be better?**
